Heinrich Hoffmann

Life Skills and Values

1. Do you think Johnny was an imaginative boy? Give reasons for your answer.

Yes, Johnny was an imaginative boy because he had made it his rule to look at the sky and the floating clouds as he walked. This shows that he would probably be thinking of something as he walked on the street, without paying attention to what was in front of him.

2. Was Johnny absent-minded? Give two examples from the poem.

Johnny was absent-minded as his eyes were astray and he bumped into a dog, since he had his head in the air. Also, he walked up to the riverbank and fell right into the river while looking up at the sun.
